TRENDING & TIMELESS TIP

GO *'GREIGE'*

The year's most sought after neutral isn't going out of style any time soon. Its beauty is in its versatility. The addition of gray to beige creates a richer hue that can work in a cool or warm color scheme, meaning your hardscapes will continue to coordinate with evolving styles.

COLOR TECHNOLOGY

BRIGHTER COLORS LONGER

Belgard® uses a variety of cutting edge technologies to improve product durability and make sure colors stand the test of time. Through the use of proprietary admixtures and in-line treatments, Belgard is able to protect our product from the very beginning; during the manufacturing process.

PICTURED: RINN LAZIANO

TEXTURGARD™
ENHANCES THE SURFACE

Texturgard fuses a combination of rich pigments into the top 3/8" of the paver that results in rich color and a wear-resistant surface and a sleek, contemporary texture.

**GERMAN STYLE
AND DURABILITY**

Belgard® brings the best of German ingenuity to North America with Rinn™ Paving Systems. Fine aggregates on the surface ensure rich long-lasting color with a smooth and refined surface texture sure to enhance any outdoor project.

DEFINE YOUR SPACE

Incorporating multiple styles is a great way to segment your outdoor living areas into rooms without roofs. Adding a sleek border with a more natural stone, like in the image at right, creates the cozy feeling of a hearth rug in front of the fireplace.

BORDERS & BANDING

BUILD COLUMNS IN A SNAP

Tandem® Column Kit is an innovative, versatile system that can be used to create attractive, easy-to-install and durable columns. Great for use in residential and light commercial hardscape projects.

WALL IT OFF WITH U START

One of Belgard's latest innovations, U Start Base Block® is a universal base course for landscaping walls that promotes cost savings and installation time efficiency.

TANDEM® MODULAR GRID GIVES YOU ENDLESS POSSIBILITIES

Construct virtually any design up to 7' tall by simply attaching the grids to a wooden structure and connecting the veneers. Build an outdoor kitchen, skirt a deck, run electrical for lighting/sound, construct seat walls... the possibilities are endless.

INSTALLATION INNOVATIONS

PRODUCTS THAT MAKE INSTALLATION EASIER

Belgard® offers several products designed to make installation easier and more efficient. Why spend more time and money when you don't have to?

PICTURED: TANDEM COLUMN KIT

FREESTANDING OR RETAINING

Knowing the difference between retaining and freestanding walls can have a positive impact on your project and lead to a more enjoyable outdoor space.

Freestanding walls allow you to divide your outdoor living space into different areas. They provide visual interest and can make even the largest yard feel more intimate. Freestanding walls easily incorporate with other features like fireplaces or outdoor kitchens to provide a cohesive look.

Retaining walls can have multiple purposes. Some help to increase usable space, whether that be a flower bed or added yard space, while other retaining walls help to prevent erosion. Either application is made possible by a wall system that holds back soil and properly manages drainage. Larger walls also utilize soil reinforcement for added strength and long-term stability.

PICTURED: BELAIR WALL 2.0

HIGHLAND STONE

ASHLAR TANDEM & TANDEM COLUMN KIT

ACCESSORIES

The divine is in the details. Belgard offers caps, columns and other accessories to complement any hardscape design. Mix textures to add a modern look to a rough-hewn wall-face. Include a cap in a complementing color to add visual interest. The possibilities are endless!

Consult a Belgard Certified contractor for information on all of our wall products and to receive project design assistance through Belgard Design Studio.

HOW TO SHOP WALLS

FACE-STYLES

Outdoor areas of any size or shape can be transformed with Belgard wall products. The shapes and textures of our wall systems blend with the environment to create attractive and functional landscape wall features.

INSPIRE

OUTDOOR OASIS
DREAM DECK
PERFECT PATIO

The primary goal in designing an outdoor living room is to create a space that invites you to spend time outdoors. Whether you enjoy entertaining large groups or prefer an intimate space for curling up with a good book, you bring life outside.

WE'LL PAVE
THE WAY

TAKE LIFE OUTSIDE

FAMILY FRIENDS FUN

When you create an outdoor living room, you can be sure it will not only be filled with life, but with moments that last a lifetime. Whether hosting an impromptu dinner party, inviting the neighbors over, or just spending some quality time with your family, Belgard® is your source for beautiful outdoor designs.

PORCELAIN

COLLECTION

BEAUTY & STRENGTH IN A LOW PROFILE

BENEFITS OF PORCELAIN

- Incredibly high breakage loads, up to 2,000 pounds
- With a tight surface texture, these pavers clean quickly with normal household cleaners.
- Unaffected by alkalis, acids, chemical agents, salt and other deicing materials.
- High density and ultra-low absorption rate creates a tight paver surface, it fends off surface mold, moss, dirt and other types of stains.
- Structured top textures formed on the surface create non-slip surfaces.
- 100% frost-free and its properties remain unaffected by Freeze-Thaw

**Special Order. Available in QR 02 & QR 03 only*

Spacers are recommended for all porcelain paver installations. For vehicular applications, there must be a mortar install over a concrete slab.

NOTE: This product can be installed using elevated systems.

UNICO

STEP & COPING

TWO INSTALLATION NEEDS,
A SINGLE SOLUTION.

This versatile porcelain unit is processed on both sides to give you maximum flexibility and design freedom. Unico can be used as a step and as a coping for swimming pools. With a rounded, bullnose edge or straight edge, this uniquely functional border piece looks great from every angle.

COLLECTION

BE WATER WISE & HOUSE PROUD.

BENEFITS TO HOMEOWNERS

- Eliminate standing water and improve drainage.
- More beautiful and durable than conventional paved surfaces.
- Can include a heating system to eliminate snow and ice build-up.
- Can include a water-harvesting system to recycle stormwater for irrigation.
- Some municipalities offer grants or tax incentives.

BENEFITS TO COMMUNITIES

- Filter water back underground to recharge local groundwater supplies.
- Clean pollutants from stormwater to improve water quality of nearby lakes and rivers.
- Reduce demands on local storm drains.
- Reduce water used for irrigation.

PAVER CARE

PROTECT YOUR INVESTMENT

Belgard Products are designed to last for generations. Many homeowners choose to further protect and beautify their investment by applying a protective sealer. Adding a sealer can enhance the beauty of a project by highlighting the color and texture of the surface. It will also offer protection from stains like oil, grease or other accidental leaks.

Techniseal® Protector for Concrete Pavers (Top-Bottom): Natural Look Matte Finish, Clear Look Semi-Gloss Finish, Color Boost Matte Finish, Wet Look Gloss Finish

THE ULTIMATE PROTECTION SYSTEM

Techniseal's 3-step treatment system guarantees the best results. Remove stains with a specially formulated Stain Remover, prepare the surface with Paver Prep, then apply a Protector that delivers the look you want.

1 PREP

STAIN REMOVERS

2 CLEAN

CLEANERS

- Dislodges efflorescence and ground-in dirt
- Prepares pavers prior to protector application
- Brightens paver color

3 PROTECT

SAME FINISHES, HIGHER STANDARDS

Our versatile, new sealers have been formulated for easier product selection and application.

NULOOK® TINTED PROTECTOR

- Colors pavers
- Translucent
- Water-based stain guard

1 PREP

EZ BASE® PANEL BASE SYSTEM

- Saves up to 8 inches of excavation
- Each panel replaces up to 250 lbs of base aggregates
- Ideal for porcelain tile installation
- Durable — will not degrade in the ground

PAVER EDGING

PREVENTS MOVEMENT & DAMAGE TO PAVER INSTALLATION

RIGID 8-FT SECTIONS

- High-performance formula
- For joints up to 4"
- Haze and dust free
- Super fast wetting
- Rapid set
- Prevents erosion and weeds

SELECTING A CONTRACTOR

A hardscape project is an important investment in your home and selecting the right contractor is a critical decision. Don't be afraid to ask a lot of questions. It's important that you get to know your contractor so that you can work together as a team to create your ideal outdoor living space.

WHAT TO ASK

Are you certified?

Inquire about specialized certifications and training from organizations like the Interlocking Concrete Paver Institute® (ICPI).

All Belgard® Contractors are required to have at least one team member who is ICPI certified and must meet annual requirements to maintain the company's status.

Are you insured?

It's important to hire a contractor who can provide proof of insurance and is able to guarantee their work for a period of at least three years after the installation.

Can I get a reference?

Ask for customer references and to see photos of past projects, both for design ideas and to get a sense of the contractor's level of creativity, expertise and work ethic. Ask for an address or two and check out the workmanship up close, with the homeowner's permission of course.

What isn't covered in your estimate?

Determine upfront which aspects of the project the contractor can handle. Will their team manage landscaping, plumbing, irrigation and lighting or will you be expected to handle this separately?

What's the schedule?

Be sure to get a complete understanding of payment terms, estimated start date and turn-around time.

CHECKLIST FOR CONTRACTOR:

YOUR PROJECT STARTS HERE

Ready to take the next step?
Belgard provides tools to easily
kick off your next project

BELGARD® WILL IMPROVE THE BEAUTY AND VALUE OF YOUR HOME.

But like any construction project, it's necessary to have as much information as possible before you begin the process. With that in mind, we created a project planning guide dedicated to helping you make the best decisions and understand what to expect before you get started with your project.

**GET YOUR PROJECT PLANNING GUIDE
AT [BELGARD.COM/PLANNER](https://www.belgard.com/planner)**

PROJECT CONSIDERATIONS

- The general project should be conducted in **phases**, which include: demolition, site preparation, base material installation, bedding sand installation, hardscape installation, polymeric sand installation, additional paver cleaning and sealing.
- The timeline for your hardscaping project depends on several factors including the **size and scale** of the project, **permits needed** (which vary by municipality), and the acceptance of any community organizations, such as homeowner associations or architectural review boards.
- All outdoor projects are **subject to weather conditions** so there could always be delays.
- Spring and summer are the busiest periods for contractors, so **start your planning during the winter months** or consider scheduling your project in slower periods.
- **Confirm all the work you'd like done is contracted and scheduled up front.** Adding additional features will delay the schedule and add to the total cost.
- Check with your contractor to ensure that all items being installed are readily available or match your timeline.
- Be sure to **discuss with your neighbors** any construction phases that might be disruptive so that you can communicate that information to them as needed.
- If you have a large project and would like to phase out construction over time, be sure to **plan the entire design** before you get started so that you can plan for any electrical, plumbing, drainage or landscaping needs.
- Consider building your backyard before any projects in the front yard to avoid damaging your front yard.
- When your project is finished, **walk through it with your contractor** to ensure the quality of the install, and **ensure you have receipts for materials / labor** and have registered your warranty.
- Always take into consideration the next step of the project: What does the landscaping look like? Do you need to schedule the contractor to seal the pavers? Plan ahead to make sure you finalize your project and can enjoy it for years to come.

TIMELINE

Planning the project

PHASE 1: 4-6 weeks

- Consider how you will use the space and your budget
- Examine styles and colors that work with your house or landscape
- Get inspiration online
- Research approval requirements for your municipality or HOA
- Set a budget

Installation

PHASE 3: 2-12 weeks

- Time of the installation will vary depending on the scope of the project
- Check with the contractor to ensure that the materials ordered have arrived and are accurate
- Connect with your contractor throughout the project to ensure it is progressing as planned

MAKE YOUR DREAMS A REALITY

with Belgard Preferred Payment

With the Belgard® Preferred Payment program, you can complete your outdoor project in just a few weeks, instead of phasing it out over several months or years.

Available only through **Belgard Contractors or Dealers**, Preferred Payment offers same-as-cash financing that allows you to start your project immediately.

There are often construction economies that can be achieved by doing the entire project at once, **which could save you both money and time.**

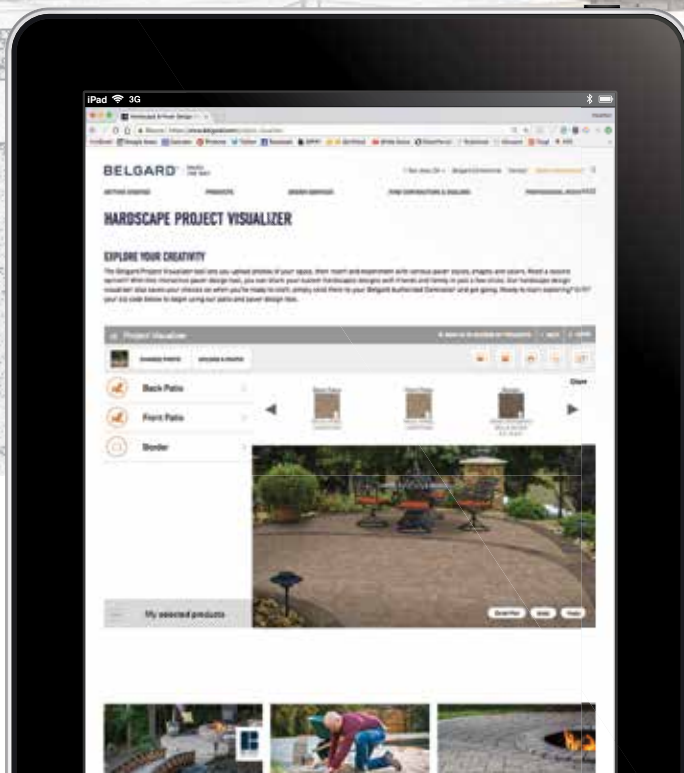

Plus, you get to start enjoying your dream outdoor living space much sooner!

TO LEARN MORE, VISIT BELGARD.COM/BPP

BENEFITS OF BELGARD FINANCING INCLUDE:

- No payments or interest on approved credit
- Quick, easy and safe toll-free loan-by-phone application process
- No paperwork
- A credit decision in about 10 minutes
- No application fees, no closing costs and no prepayment penalties

VISUALIZE YOUR PROJECT

Belgard's online Project Visualizer allows you to be your own hardscape designer. Choose from our image library or upload your own photo to experiment with paver styles and colors and explore an infinite number of design possibilities.

PEACE OF MIND, GUARANTEED

LIFETIME TRANSFERABLE LIMITED WARRANTY

Oldcastle® APG, Inc. ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard® guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job be installed by a Belgard Contractor who provides a guaranty of their workmanship for a minimum of 3 years from the date of install. For warranty service, contact Belgard at 1-800-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow for the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. All other warranties, express or implied are waived.

For specific information regarding warranty coverage and exclusions in regards to the Elements and Porcelain Paver products, please visit: Belgard.com/Warranty
